EXPERIENCE

At UFOSE Software Solution, 2025 - Present | Remote | Freelance

✓ Development of responsive web applications using Next.js, PHP, Tailwind CSS, and React.

✓ Collaborated with cross-functional teams to deliver scalable software solutions.

✓ Implemented manual and automated testing workflows.

✓ Managed client requirements and project lifecycles from ideation to deployment.

SKILLS

Web Technologies

HTML | CSS | Bootstrap | JS | PHP | React

Software Development

Strong understanding of SDLC, OOP concepts, and clean code practices.

Programming Language

Hands-on experience with Java fundamentals and OOP

Databases

MySQL, Database Design & Querying

Version Control & Others

Git, Project Documentation

Quality Assurance & Testing

Test Case Design, Manual Testing & Familiarizing with Automation Tools

ABOUT ME

Software Engineering Undergraduate with a passion for building scalable web applications and ensuring top-notch software quality. Adept at designing scalable web architectures and ensuring high-performance code quality. Driven by problem-solving and eager to contribute to innovative, enterprise-level solutions.

HIGHER EDUCATION (ACADEMIC)

Bachelor of Software Engineering

Open University of Sri Lanka (OUSL) | Nov 2023 – Present

PROFESSIONAL QUALIFICATION

Diploma in Information Technology

University of Colombo School of Computing (UCSC) | Aug 2023 – Jul 2024

Diploma in Cyber Security and Ethical Hacking

SITC Campus | July 2024 – Aug 2025

Diploma in Information Technology

SITC Campus | Aug 2023 – Feb 2024

Pearson Assured Diploma in Information Technology

ESOFT Metro Campus | Aug 2021 – Jun 2022

PROJECTS

<https://srilanka-tourism-web.vercel.app>

Currently architecting a modern, data-driven tourism platform using React, implementing component-based design for scalability and maintainability.

<https://my-portfolio-bay-five-78.vercel.app/>

Personal Portfolio Website built with Next.js, TypeScript, and Tailwind CSS. Showcasing my software engineering projects, skills, and experience.

https://maleeshashashini.github.io/UFOSS_website/

I designed and developed a responsive web interface using HTML, CSS, and Bootstrap as a personal development initiative to establish the startup's digital presence.
